INDEX

Acid-base equilibrium, regulation, 191
rôle of kidney in, 211
Adrenal cortex, experimental alterations, 469
Alkalosis, hypokalemic, 229
Albrink, Margaret J. (see Man, Evelyn B.)
"Amphenone B," effect on adrenals, 469
Anderson, Dolores (see Busch, Harris)
Anti-vivisection movement, British, religious elements in background, 125
Appetite, control of, 565
Arterial sclerosis, 9

Bacillus megatherium, 50
Barron, Donald H. (see Meschia, Giacomo)
Barron, Donald H. and Meschia, Giacomo: The carbon dioxide concentration gradient between the fetal and maternal bloods of sheep and goats, 480
Bauer, Heinz: The effects of metabolic alterations on experimental rhizopus oryzae (mucormycosis) infection, 23
Bauer, Heinz, Wallace, George, Jr., and Sheldon, Walter H.: The effects of cortisone and chemical inflammation on experimental mucormycosis (rhizopus oryzae infection), 389
Beauchemin, Joseph A. (see Harris, William H.)
Blood, carbon dioxide, placental concentration, 480
Blood lipids, 316
Blood plasma, freezing point of, 54
Blood sugar in cirrhosis, 361
Blood vessels, 9
Book Reviews
Annino, Joseph S.: Clinical chemistry. Principles and procedures, 456
Barnes, Josephine: The care of the expectant mother, 635
Becker, Harry, Ed.: Financing hospital care in the United States. Vol. 3. Financing hospital care for nonwage and low-income groups, 81
Bremer, J. Lewis: Congenital anomalies of the viscera: their embryological basis, 629
Cholden, Louis, Ed.: Lysergic acid diethylamide and mescaline in experimental psychiatry, 632
Ciba Foundation Symposium: Bone structure and metabolism, 458
Ciba Pharmaceutical Products, Inc.: The Rauwolfia story. From primitive medicine to alkaloidal therapy, 633
Clark, F. LeGros and Dunne, Agnes C.: Ageing in industry, 634
Clark, W. E. Le Gros: The fossil evidence for human evolution, 552
Dack, G. M.: Food poisoning, 463
Dorcus, R. M., Ed.: Hypnosis and its therapeutic applications, 463
Engle, Earl T. and Pincus, Gregory: Hormones and the aging process, 457
Ehrlich, Paul: The collected papers. Compiled and edited by F. Himmelweit, 628
Foster, Edwin M., Nelson, F. Eugene, Speck, Marvin L., Doetsch, Raymond N., and Olson, Joseph C., Jr.: Dairy microbiology, 634
Hahn, Paul F., Ed.: Therapeutic use of artificial radioscopes, 79
Hoerr, Normand L. and Osol, Arthur, Eds.: Blakiston's new Gould medical dictionary, 555
Horsfall, James G.: Principles of fungicidal action, 461
Hoskins, M. M. and Bevelander, G.: Essentials of histology, 555
Jones, I. C. and Eckstein, P., Eds.: The comparative endocrinology of vertebrates, 454
Josiah Macy, Jr. Foundation Conferences
Abramson, H. A., Ed: Neuropharmacology. Transactions of the second conference, 169
